Farm Bureau Official Information

TO BOOST COUNTY AT CHICAGO SHOW

Heaton Sends Call For Dairy Meeting To Plan Markets

Says E. B. Heaton, the Farm Bureau's Dairy Marketing Director: "The most important meeting which the dairy farmers of America will witness for many years will be held in Milwaukee, Wisconsin, Wednesday, December 6. Cooperative dairy marketing is on trial. What is the best method of cooperatively selling milk or milk products? Many promising plans have failed. A few have succeeded only to run into unforeseen snags. At Milwaukee dairy organizations have the opportunity to sift out the causes of failure and submit plans which will ride over the snags. "Cooperative marketing is being bitterly fought by these private interests who have reaped an easy harvest from unorganized farmers. They will continue to fight. It may not be an open fight. They will work their insidious way into the heart of cooperative organizations and those service organizations that are fighting the battle of cooperation. The result must not be that the dairy farmer is left with the choice of being under the thumb of a few unscrupulous individuals or of being under the thumb of a few unscrupulous individuals or of being under the thumb of a few unscrupulous individuals."

Have Fine Sheep

The other herd is Hereford cattle from the farm of J. C. Robinson and son, Evansville. This herd is now showing at the American Royal in Kansas City.

Shorthorn Sheep

Shorthorn sheep will be exhibited from the farms of Broughton Sons, Albany. These premier breeders of "Shorthorns" have been greater winners at the international than any single exhibitor. W. G. Miles, Evansville, will show a carload of fat lambs, in which contest he won last year and in addition several breeding sheep.

To Have Booth

Hundreds from Rock county are expected to attend the international show not only to see the Rock county stock judged, but the show is the greatest exhibition of fat stock in the world. There will be at least 15 milking Shorthorn cows and the main contest and there will be at least double this number in the Hereford class. Thus far 225 entries have been reported for the dual purpose Shorthorns, more than double the number entered a year ago.

One booth has been obtained in which will be shown the banners and ribbons collected by IDEK county. Other features will be added to make it a point of attraction at the exposition.

CARBON COKE

We have one car of carbon coke on the way. This is 95% pure carbon. On orders received before arrival of car, price is \$16.00 per ton. Orders after arrival will be at \$17.00 per ton. This coke has 25% fine stuff for burning and will be found a very good substitute for hard coal. Smokeless, sootless and ashless. Call BRITTINGHAM & HIXON, Phone 2500.

No. 408 Wheat Is Being Favored in Ashland District

[By Associated Press.] Ashland—Prof. E. J. Delwiche of the Wisconsin agricultural experimental station at Ashland Junction is waging a campaign for the raising of No. 408 winter wheat by Ashland and Bayfield county farmers. The experimental station has tried out that variety and has found it adaptable to this climate.

Burnett Co. Votes For County Agent

Grantsburg—The board of supervisors of Burnett county voted by a large majority to retain county agricultural agent E. H. Thompson. It was shown by Mr. Thompson's annual report that he had saved the county many times the cost of the office. County Highway Commissioner George Miller of Webster was also re-elected for another year.

Showing Livestock Brings Many Letters

From far and wide come letters asking about Rock county stock from buyers who either inspected or heard of the cattle exhibited in the county show herds this season. One Alton buyer writes the Farm Bureau that he was advised by a friend Rock county had "a wonderful herd of Holsteins at the Danco county fair." A prospective buyer representing a state institution in Ontario, Canada, who read of the success of Rock county, sends in a request for information of a number of dairy cattle. Breed association secretaries report that numerous inquiries were received from people attracted by the show herds.

County Agent Busy On Association Work

Organization of cow testing associations is now being taken up by County Agent T. Glasco. There are now four associations in the county with prospects of three more being organized at once. In the event 10 associations are organized, special cups and prizes will be put up for herd and individual cow contests for production. Cash prizes will be offered for champion-ship animals from the 10 associations.

Increased Entries For International

Chicago—Indications were Tuesday that more than 4,000 exhibits, compared with 3,312 last year, would be entered in the fourth international fair and exposition to be held in connection with the international livestock exposition, Dec. 2-5. The closing of entries has been advanced to Nov. 20, it was announced.

PLAN EXCHANGE LIST

The Farm Bureau is planning to obtain another exchange list during December. Farmers having stock farm machinery or produce to sell are urged to make preparations for listing the merchandise with the Bureau.

WRITERS ABOUT COUNTY

An article has been prepared by L. F. Graber, of the College of Agriculture, on the limestone used in Rock county. The story is to appear in a national dairy paper at an early date.

INTEREST AROUSED BY FARM AID PLAN

President's Pledge Given Before Action Starts on Subsidy Bill

By DAVID LAWRENCE
Copyright 1922, by Janesville Daily Gazette

Washington—President Harding's purpose in inserting a paragraph about farm aid in his message to congress on ship subsidy has naturally stirred up a good deal of curiosity. The special session was called for consideration of the merchant marine bill only. The regular session begins in December when Mr. Harding's annual message covering a variety of subjects will be read. There was no outward reason why promises of farm aid should have been included in the ship subsidy address. Why was it done?

The answer, as given in administration quarters, is that President Harding expects to be conferring with congress on the ship subsidy in the next ten days with members of the farm bloc in congress who are more or less hostile to ship subsidy. He will be conferring with them prior to their departure for the winter recess. The farm bloc in congress who are more or less hostile to ship subsidy. He will be conferring with them prior to their departure for the winter recess. The farm bloc in congress who are more or less hostile to ship subsidy. He will be conferring with them prior to their departure for the winter recess.

UNUSUAL BUT TRUE

Just to say that a coal is the "best" means nothing unless backed by the facts. A thousand satisfied users in Janesville will back us up when we say that ZIEGLER is the best substitute for hard coal. Because it is a very hard, compact coal with a minimum of gas; it burns freely and holds fire steadily; it gives no trouble from soot, it is very light if burned properly, it is almost smokeless. If you are not burning ZIEGLER, your heat is costing more than is necessary. Sold only by Brightingham & Hixon. Phone 2500.

The Nightingale Harmonizers orchestra furnished the music for the occasion. The Jefferson High School Radio club held its regular meeting at the local high school Tuesday night, Nov. 21. Several interesting radio reports were given by the various members of the club. The club is progressing rapidly and a thorough knowledge of radio and its use is being acquired. Following the meeting, refreshments were served by the social committee of the club.

12 CARGOES OF HARD COAL IN MILWAUKEE DURING NOVEMBER

Milwaukee—Twelve cargoes of hard coal and 28 boat loads of soft coal have reached Milwaukee in November. Herman Dwyer, secretary of the harbor commission, said. This totals 100,000 tons of hard coal and 235,000 tons of soft. Milwaukee is short about 750,000 tons of hard coal of the required amount for the winter, he said. The supply of soft coal is almost adequate.

JEFFERSON

Jefferson—Miss Cecilia Spangler, daughter of Mrs. John J. Spangler of this city, and Louis C. Miller, son of Mrs. Killian Miller of Port Atkinson, were married at St. John's Catholic church, Wednesday morning, the Rev. J. H. Kessler officiating. Miss Cecilia Spangler, sister of the bride, acted as bridesmaid. Florian Miller, brother of the groom, acted as best man. The bride wore a light blue and white gown and a picture hat to match and a carriage bouquet. The bridesmaid was attired in a black satin crepe dress with a hat to match. A three course dinner was served at the home of the bride. They left on a wedding trip to Milwaukee. The bride has been a Jefferson resident all her life.

FORT ATKINSON

Fort Atkinson—Curl Brandel who is in St. Luke's Hospital in Chicago as a result of the accident at Cary, Ill., about two weeks ago is still in a very serious condition. Several ribs were fractured and this with other injuries will keep him in bed for three months and after that a wheeled chair will be necessary for a time. His mother, Mrs. Caroline Brandel, of this city, who went down to Chicago at the time of the accident, came home recently for a short stay but returned to Chicago again Tuesday to remain with him. Mrs. Alex Harder, Rockford, formerly Ida Mueller of this city suffered a paralytic stroke Saturday. Her condition is serious.

Miss Gertrude Sangbusch and Miss Harriet Backus, of this city, were among the Whitewater Normal students entertained Wednesday by the Janesville Chamber of Commerce. Stewart Anhalt and his mother, Mrs. E. Anhalt visited in Watertown on Tuesday. On Monday night the Eastern Star held an interesting meeting. Two candidates, Mrs. John Owens, Hebron, and Mrs. George Lohmeyer, this city, were initiated. After the meeting a social time was enjoyed and refreshments served. Miss Marie Cornish and Miss Edith Zanders, Janesville, and Miss Margaret Zanders, Two Rivers, were guests at the O. E. Cornish home Monday and attended the Eastern Star meeting. Miss Mildred Stewart who was forced to give up her school in Gloucester, Minn., and come home on account of illness, is reported on the way to recovery. Mrs. E. H. Miles, president of the Ingleside club has been appointed by the state federation as chairman of citizenship for Jefferson county. Mrs. Herbert Main, who is president of the City Federation has been appointed state chairman of landmarks to succeed Mrs. E. H. Van Outstrand, Madison. Mr. and Mrs. Guy Bingham, Milton Junction, are visiting friends and relatives in Fort Atkinson and Koshkonong. Mrs. T. L. Johnston and Mrs. W. H. Y.W.C.A. Workers Postpone Visit to Local Ass'n

The national Y. W. C. A. workers who were expected to arrive Thursday to assist the local association in working out plans for the industrial department, will not come until some time next month.

Representatives of the board and different committees who attended the district institute in Freeport, Tuesday and Wednesday, obtained many new ideas which will be incorporated in the work of the local association as opportunity offers.

The educational committee will meet Thursday evening to discuss plans for a number of classes to be organized the first of the year.

This Year by Anti-Tuberculosis Ass'n.

Aubrey Williams, Madison, secretary of the Wisconsin Conference of Social Work, was greeted by an audience of four persons at the annual meeting of the Rock County Anti-Tuberculosis association, Wednesday afternoon, at library hall.

It is possible a larger audience would have been present had the announcement been made that an outside speaker would be present. These present discussed the Christmas seal sale plans and decided that the seals would be mailed out to names taken from the telephone directory as heretofore. Mr. Williams urged that a follow-up canvass be made in factories and stores, and this will probably be done.

Owing to the small attendance it was thought best to defer the annual election of officers.

It was stated that half of the money received from the sale of Christmas seals is used in this community, being expended for milk and other needs of persons afflicted with tuberculosis.

Filipinos Move for Independence

[BY ASSOCIATED PRESS.]

Manila — President Harding and congress will be petitioned to allow the Philippine legislature to call a constitutional convention to frame a future independent republic in the Philippines. This is the result of the adoption by the house today of a concurrent resolution passed by the senate three weeks ago.

CLEMENCEAU SAYS EUROPEAN RUMPS AMERICA'S FAULT

(Continued from Page 1)

and the Tiger was given a long ovation. After he had placed a wreath on the tablet commemorating the regiment's dead, Clemenceau faced the uniformed men and addressed them.

CLEMENCEAU HIMSELF HONORED BY DORAH

Washington, D. C.—The reaction in the senate to the speech of Georges Clemenceau was for the most part adverse. In no legislative quarters was there any expressed approval of Clemenceau's pleas.

"I am unable to accept M. Clemenceau's argument. He tells us that Europe is wretched in misery. But there is no man living more responsible for the present misery of Europe than M. Clemenceau. He more than any other man, is responsible for the terms of the Versailles treaty. He stood in the way of the American declaration to modify the treaty and make it so that Europe could recover."

Senator Hitchcock expressed the opinion that France was partly to blame for conditions east of the Rhine, saying:

"Now that Germany is a republic I should think France would try to placate her. I should like to ask Clemenceau why France continues to provoke Germany by, for instance, keeping 50,000 black troops in Germany and why she persists in doing things to arouse the resentment of the Germans."

"As he maintains, it is true that Germany, Russia and Turkey are drawing closer together toward a common understanding, but France is driving them on that course."

Seek U. S. Money
Senator Capper of Kansas, head of the bipartisan farm bloc, connected the Tiger's plea with the debt situation, saying:

"At the bottom of it all is the desire of Europe to get more of our money. And I do not think we will give Europe any more money until the nations who are in debt to us show disposition to pay back money they owe us."

Senator Edge of New Jersey raised the question of the "propriety" of Clemenceau's plea.

SEEK ROCK COUNTY STOCK FOR MEXICO

Buyers Here After Carload of Holsteins for Mexico City Sales.

Buyers from Mexico are in Rock county this week seeking a carload of Holstein cattle for shipment to Mexico City. The Rock county men adding them have had difficulty in locating sufficient stock to meet the order.

Once a listing policy is adopted Rock county is expected to have orders placed with the Mexican dealers who buy thousands of Wisconsin dairy cattle to be dispersed at the sales held in Mexico City.

Three Rock county breeders put in high bids for a prize Holstein sire sold for \$1,000 at the recent Wisconsin county sale. Those in the pool were Ward Brothers, Duss Brothers and the Funk Brothers. They bid \$925.

Traction Co. Ready for State Tests

To make it possible for the state industrial commission to make an electrolysis test at any time it desires, a special wire was being strung by the Janesville Traction Company parallel with its feed wire. This is to determine whether any current is leaking between the bonds of the electrolytic cells which has caused several investigations in the past.

Christmas Carol List Is Selected

The committee appointed by the Council of Girls' agencies to plan for carol singing at the community Christmas tree on Saturday night before Christmas, has selected 10 carols. The list of agencies to be asked to learn, representatives of the different churches and other organizations will meet at the Y. W. C. A. Saturday night to sing over the carols so selected and it is expected that these will then be sung in the Sunday school schools each Sunday between now and Christmas. All groups of girls whether or not affiliated with churches or other agencies represented in the Council, are invited to participate in the carol chorus program. Miss Margaret Doane, community girls' work secretary, has charge of the enterprise.

EXTRA GRAVEL TRAINS SENT TO CHICAGO

Four extra trains of sand were shipped over the Chicago & North-Western railway in the last two days. This is a total of 150 cars or approximately 7,500 tons.

The entire cargoes were destined for Chicago, to be used in construction work there.

A 24-hour embargo on sand shipments through the switching district of Chicago went into effect Thursday. All other points are excepted.

MOVIELAND

Wouldn't you just know that Virginia Vail came from breezy Marinette, Wis? Miss Vail, who is celebrating her twenty-seventh birthday this year, has been appearing in Universal pictures for some time. Previous to joining the Universal players, she had played with various other well known companies in such pictures as "The Very Idea," "Love's Penalty," "The Man Who," and that masterpiece, "Sentimental Tommy."

Miss Vail's most recent picture is "The Storm," in which she played the daughter of the north woods trapper. She began her career on the stage, then appeared before the public as an interpretive dancer and from that she stepped into pictures.

PICTURE JACKIE COOGAN AS "TOBY"

It is hard to imagine what sales of laughter and bits of pathos one will get out of "Toby Tyler" or "Ten Weeks With a Circus," when this James Mearns story is transferred to celluloid with Jackie Coogan as Toby. Can't you just picture Jackie in the center of the circus ring, chumming with freaks of the wide-shows and menagerie heros? It looks like a very happy selection for his next starring vehicle, and a good contrast to his biggest "hit," "Oliver Twist." Eddie Cline is to direct "Toby."

MAY MEAVOY FOR INCE SPECIAL

By special arrangement with the Famous Players-Lasky Corporation, Thomas H. Ince has signed May Meavoy for the feature lead in his next big special, entitled by Bradley King, tentatively titled, "News." John Griffith Way is to direct. This said May has a particularly good role in the story, one which will give her another chance to win the laurels which her work in "Clarence" is bringing her now.

SPEAKING OF VERSATILITY

According to reports it isn't at all unusual for William Duncan, erstwhile serial star, to attend an opera or a musical comedy, and on the following evening to play the entire score from memory on his piano.

REX BEACH TO WRITE FOR FAMOUS PLAYERS

Rex Beach is the latest famous author to devote his talents to the writing of Paramount pictures for Thomas Meighan.

Following the announcement that Booth Tarkington had been engaged to write an original story for the popular Paramount star, it was made public last week that a story by Mr. Beach will also be placed in production in the near future with Mr. Meighan as the star. The nature of the Beach story has not been divulged, but it is expected to be one of the biggest pictures yet assigned to Thomas Meighan.

What They're Doing

Mac March was in New York but three days when the call came for her to return to England. She is now near London working on a big picture and enjoying life in a picturesque little cottage that looks as if it had leaped out of a book of etchings.

Milwaukee Flood Shows 54-Inch Main Unpractical

Bursting of Milwaukee's newly laid 54-inch water main, Wednesday night, which tore up pavements and covered streets with 18 inches of water, was not wholly unexpected, in the opinion of Sup't. H. A. Griffey, of the Janesville water department, who maintains that a main of that size is too large for the city.

While the damage was due doubtless to a defective piece of pipe, the trouble could have been avoided if the board of public works had not over-ridden Superintendent Bowman's recommendation of two smaller mains, Mr. Griffey believes.

Janesville's largest water main is 18 inches in diameter and runs from the pumping station toward the city center. Milwaukee's 54-inch main is believed to be the largest ever laid, the biggest ones in most metropolitan cities being only 48 inches.

Two hundred thousand residents live along the main. God street, west of Humboldt avenue were without water and fire protection for three hours when the big Milwaukee main burst, spouting forth like a giant. Mr. Griffey was with Sup't. Bowman when the latter inspected the 54-inch pipe at the time of its manufacture in Burlington, N. J., last May.

Soccer Club Gives \$85 to War Vets

Eighty-five dollars were added to the disabled soldiers' fund of the Richard Ellis Post of the American Legion, Wednesday night, when that amount was presented to Mrs. Fred Ellis by the Janesville Soccer club at its weekly meeting at the Y. M. C. A. The money was the proceeds from the soccer game with Rockford. The presentation was made by A. E. Dergman and Mrs. Ellis in making the acceptance pleaded for a living memorial for the soldiers in Janesville rather than a monument to the dead.

A SHY FRIENDSHIP

This uncomfortable state lasted for several minutes. Finally, in desperation, Morton asked:

"Miss Nicholson, may I have this dance?"

Ordinarily, he would have called her by her first name. But his own formality of feeling made him give her the formal title.

"Dora didn't want to dance," she said. "She liked the party. And she liked Charlie and a few that she knew better. Perhaps it was the 'Miss' that made her feel more shy than usual."

The worst of it was she couldn't find the courage to say no. She was sure Morton wanted to dance with her even less than she wanted to dance with him. But if she talked, she had to refuse, she had to speak to him, she had to speak to him as a sign that she had consented.

Fancy steps were "in" that winter, and Gladys, as usual, knew more than anyone else, and led the others in doing or manufacturing variations of the accepted steps. Jim was so delighted at seeing his daughter dance, that he kept on playing without giving them an intermission, until even Gladys was glad of a space to rest and catch her breath.

"Well, look at that," she called, bringing the attention of the room upon the unfortunate couple. "Morton, don't tell me you're really asking a girl to dance with you?"

The boy turned red under his freckles and Dora, confused, lost step and stumbled awkwardly.

"I think it's time for me to make the scene," she said, and fled to the kitchen. Jim, seeing her go, stopped playing and the party sat down to breathe heavily and recuperate.

Mrs. Nicholson was already busy in the kitchen. The party had got to that stage where all thoughts were of food, and talk became forced. They trooped into the dining room—to eat, laugh, make more or less witty jokes to each other, and to troop out again.

Jim, being tired, took his opportunity to sneak off to bed, lest his services as an orchestra should be in demand again. Someone suggested kissing goodnight.

A varying number of these were played. The party was getting into a mild state of what the boys called a "rough house." They were all laughing and shouting, and the girls, a trifle underbred, perhaps, according to certain standards, yet wholesome enough all through. Mr. and Mrs. Nicholson carefully retired, and didn't know as I approve of it.

Peter said:

"Aunt Maude wasn't sure either. But she didn't want to interfere, so she saved her conscience by repeating, 'Those that kiss in the light won't kiss in the dark.' She thought that was a good one."

"In the games, as in the dancing, the little circle that Gladys ruled, accepted—and forgot—her cousin Dora. No one rushed after her. And she was glad. A couple of times she was caught and kissed and Peter said:

BEAUTY CHATS by Edna Kent Forbes

AN OLD LADY'S LETTER

The other day I had such a charming letter from an old lady of 70 that I want to tell briefly what she said to me. She has few wrinkles and few grey hairs and easily passes for 50. She confesses that she has a great desire to grow old gracefully.

I think from her letter that she has succeeded. To look 60 at the age of 70 is an even greater achievement than to look 50 at the age of 60, for after the last century many people break physically and lose interest mentally.

It happened that this correspondent wanted a nourishing face cream to keep away the wrinkles, but what interested me the most was her confession that I would think her foolish for this bit of vanity. We do not think it vain that a young girl should try to preserve her beauty. Why should we think it vain when an old lady tries to keep herself attractive? Why should it ever be vain in a woman to increase the beauty of the world by making herself prettier?

I sent my nice old friend the formula for a nourishing skin food. I hope she is using it faithfully and that it will keep the wrinkles from gathering thickly for a long time to come. I wish all old ladies would do this, for I think it really more reason for an elderly woman to use cold cream than for a young one.

Friday—Stretch as a Blench

Dear Mrs. Thompson: I am 34 years old and unmarried. When I was 14 I was large for my age, pretty and very popular with boys. Of course my parents did not like this and so they bribed me to give up the friendship of boys entirely with the promise that if I would I could go to college. I think they were right at that time, but they ruined what was mine by permitting me to go with boys all the time I was in high school.

True to their promise, at the age of 18 I went off to college. It was not hard for me to make girl friends, but they remained aloof and did not permit me to go with boys all the time I was in high school.

Upon my return from college I took a school position and have worked ever since. I certainly cannot say I like my work, but I realize it is a blessing, because if it were not for work there would be no place for me in the world. No one would expect my employers. My parents are still living and I make my home with them, but often I think they would be happier in their old age if they were alone. They blame me now for not being married and they advised me how to attract men. This is very distressing to me, because now I feel it is hopeless to attract a man I could love and I wish no one would talk about that.

Recently I have been offered a position in a factory. I would have charge of 50 girls, not their work but their welfare. It is planned to have a club room, lunch room and library for the girls and I would be in charge. I have always enjoyed girls and have been popular with them. This work would take me away from home, a thing which my parents oppose.

My father is 65 years old and father is 65. Both are in good health and I really do not need me at home. I want to accept the position badly. It would be such a change from the work I have been doing. Do you think it would be cruel for me to act contrary to the wishes of my parents in this case?

THE CHANGE is just what you need. It will open a new life for you and will bring you new interests. Naturally your parents want you to be with them, but after they become accustomed to having you away they will be happy in the knowledge that you are happier in your new work than in the old. Don't let such an opportunity slip by.

Dear Mrs. Thompson: My girl friend invited me over to meet a young man. He seemed to like me and I liked him. When he took me home he asked if he might come in and see me. I said yes and he came in and I liked him. When he took me home he asked if he might come in and see me. I said yes and he came in and I liked him.

It is his place or mine to ask him to come to see me? IN DOUBT. It is your place to invite the young man to come to see you, and his place to see the time. You might, however, follow your girl friend's exam-

ple and have your friends in for Sunday night tea. If you invite others besides the young man he will have no occasion to think you are running after him.

"Well—howl! howl!—Can," joyously ejaculated an acquaintance who possessed a sense of humor, "how did you come by that black eye—mule kick you?"

"None," replied Gap Johnson of Rumpus Ridge. "My baby, Rowdy, is just at the cunning age when he wants to play jokes. I was on the porch day before yesterday afternoon when he slipped over me and woke me up with a hammer."—Kansas City Star.

Another elderly millionaire had divorced his wife and was again a dancing girl or superlatively beauty.

"Thousands of people have only themselves to blame for their blood-poisoning, etc. Trimming and

"trimming" cutting and paring merely makes a bad matter worse. Millions of others are wiser. They know how easily and quickly "Gots-It" shrivels and peels corns and calluses off in one place. Get your money back if it fails. Wear new shoes with comfort. A bad corn or callus is a nuisance. Sold in Janesville by McCue & Buss, Drug Co., Smith Drug Co., and Reliance Drug Co.

Listen, World!

By Elsie Robinson

THIS IS A TRUE STORY. AREN'T YOU ASHAMED OF YOURSELVES? I'm mad! I'm so mad that every time I look in the mirror I cry. And the person I'm mad at is YOU. Listen to me, you World, for by the Great Horn Spoon I'm going to give you your comeuppance if it lies within the English language to do it.

I was sitting at the busiest corner in town, watching for a chance to worm my way through a boiling mass of trucks, street cars, autos, small boys, fat men and nervous ladies. It's a bad corner and you need a limber heel to make your getaway. Suddenly at my elbow I felt a pressure and a tugging. I looked down and saw a tiny, indolently wrinkled old negro, ragged, frail, and totally blind. She was feeling her way with a cane, reaching out toward that seething crowd.

"Can I help you?" I said. The old hand clutched my sleeve, the blind face quivered as she thanked me. I could not understand her emotion.

"The God Who Made This Knew No Color Line"

It seemed such a little thing to do. We started—and then I understood. For the eyes that looked at us were wide with surprise! A hot rage began to sizzle in my heart. She spoke, and it leaped like a flame.

"Yes—why?" the old voice quivered with indignation—"because there's a God that ain't white in this street besides me. I've walked eight blocks and notta one has offered to help me get across. I asked one woman to help me and she said—'Go ahead, the way's clear.'"

I looked above at the sky that was free for all—a sky that was built by a God who knew no color line. I looked at the beautiful stores, and banks that boast to the winds of a mighty Angel-Saxon civilization. I looked straight into the haughty faces of the citizens of the nation who watched us as we passed, and I wanted to smash my bloody, American fist straight into the corner of every sneer I saw! "Not ladylike!" by the Great, Non-racial God, who'd stop to be a lady when they oughta hop in and be a Human!

I care not whether you came from North, East, South or West. Whatever your state, it's my country as well as yours. By the bond of our common citizenship I have the right to stand in Waterbury Wednesday—and I will. ARE YOU WHITE—OR THE DIRTIEST MIXTURE OF YELLOW THAT EVER SULLIED A CHRISTIAN DEMOCRACY?

"These old platitudes of ours are fierce propositions. In Paris one day an elderly couple got out of a magnificent limousine at the British consulate to get their passports attended to."

"What proof have you, sir," said the consul, "that this lady is your wife?"

"None," said the old millionaire. "Humph," said the consul, doubtfully.

"Then the old millionaire bent down and whispered:

"If you've got proof she ain't young man, your fortune's made!"

"Mr. Wadleigh's 'poker-face' must be a great asset to him in business."

"It certainly is," said Mr. Swastorby. "When approaching him on the subject of a loan you can tell the most heart-rendering story of hard luck without making any more impression on him than if you were talking about an Armenian massacre."—Birmingham Age-Herald.

GROWERS ASSUME MARKETING RISKS

Lack of Speculation Has Thrown Low Potato Prices Back on Growers.

The absence of speculation in potatoes at the various marketing centers is largely responsible for the present low price of the crop, the Wisconsin state department of agriculture says in its news letter published today. Over production, it declares, is not the only factor entering into price policy. "The potato crop of 1932 has been very discouraging to the growers and shippers," the news letter says. "Growers are receiving less for their potatoes now than they did in the previous year of 1931, when the average price ranged from 35 to 40 cents a bushel. At the present time farmers are receiving about 25 cents a bushel for U. S. Grade No. 1 Round Whites delivered in bulk to the processor."

No Speculation. "Different reasons have been advanced as to the cause of the present low prices. The popular opinion has been that the large crop of 1932 is the cause of the present market. That, however, is not the whole reason. The crop this year is estimated at 433 million bushels which is not as large as the 442 million in 1931. The crop of 1931 was marketed throughout the year at higher prices than are now prevailing.

"This can be explained by the fact that because of high prices in 1931 many were willing to speculate and bought heavily during the fall of 1931 and thus made a good market during the heavy shipping season. The farmer benefited greatly by this speculation whereas those who stored stock at good prices lost heavily when forced to sell at low prices in the spring.

Farmers Carry Risk. Farmers are prone to criticize speculation but there is no denying that speculation often makes or breaks a market. This was illustrated in the season of 1917 described above and again in 1921 when speculative buying made a good market for the farmers but lost money this spring for those who speculated. The season opened up this season under such conditions that there has been practically no speculative buying or storing and this no doubt is one very important reason why the market is in the present dull weak condition. Dealers and shippers this year are content to let the farmer carry the risk instead of assuming it as they do when they buy in the fall and store for winter and spring market. Shipments from Wisconsin up to and including November 10 have amounted to 5,825 cars as compared with 3,172 cars shipped to the same date last year. Farmers are now receiving on the average of 35 cents per hundredweight as compared with one dollar and twenty-five cents one year ago. The Chicago price at present ranged 75-85 cents per hundredweight, whereas one year ago Wisconsin sacked U. S. Grade No. 1 Round Whites brought \$1.75-\$1.80 per hundredweight.

NORTHEAST PORTER

Northeast Porter—Clem Peach and friend, Mr. Weimer, Chicago, spent the week end with Mrs. Ella Peach and sons—William Gardner is secretary on the jury in Janesville. Miss Verna Schmelz, teacher in district 8, spent the week-end with her parents in Edgerton. Mr. and Mrs. Frank Herrell and family visited at the home of Mrs. Claude Dams, Edgerton, Sunday. Local hunters have returned from the north and report hunting poor, with prospects of a closed season next year. Olives are plentiful. Mrs. and Mrs. Claude Dams attended the tenth wedding anniversary celebration of Mr. and Mrs. Seth Pope, Indian Ford, Monday night. Mr. and Mrs. Edwin Jensen and family visited at the Carl Nelson home, Sunday. Bernard and Arbie Summerfelt, Janesville visited at the Claude Darling home Friday. Mrs. Lucy Pierce and J. S. Marsden visited at the William Gardner home Friday. Mr. and Mrs. J. H. Keved and family spent Sunday at the home of the latter's brother, Gilman Kaupinger, Wheeler Prairie. Oscar and Louis Kjerres families spent Sunday at the C. A. Roberts home, Dubuque. Mrs. M. and Mrs. Edw. visited Mrs. Wilma Dubuque, Edgerton, Sunday. Mrs. Carl Nelson visited Mrs. Louis Kjerres Sunday. Mesdames Edwards and Alex Jensen entertained about 20 women Friday. There was a welcome party for Mrs. Robert Sherfield, Muskego, was enjoyed and lunch served. Mrs. Renzler, Stoughton, gave the welcome address. Mrs. Renzler, Stoughton, Mrs. Lucy Pierce, Albion, Pa., and Mrs. J. S. Marsden, Edgerton, were the guests from a distance.

SOUTH CLINTON

South Clinton—The Misses Alice and Doris Latta attended the rural teachers' group meeting in Clinton Saturday. Miss Alice Peterson spent the week-end with her parents. When Run-down Weak, or Nervous, or if Back-ache Afflicts You

This Letter is of Vital Interest to You.

San Claire, Wis.—"During my young motherhood Dr. Pierce's Favorite Prescription was of great benefit to me. I took it whenever run-down, weak or nervous and it proved to be a splendid tonic and nerve. Later in life when back-aches and bladder weaknesses developed, I found that Dr. Pierce's Anuric (backache and kidney) Tablets gave just the relief desired and since I started to take the Anuric I have had no trouble with my kidneys whatever. I recommend these two of Dr. Pierce's medicines very highly because I have found them to be just as represented."—Mrs. Thelma Missman, 318 Eighth Ave.

Obtain these tablets of Dr. Pierce's now from your druggist. Send for free medical advice to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y. —Advertisement.

RHEUMATISM LEAVES YOU FOREVER

Deep Seated Grit Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every Druggist in this country is authorized to say to every rheumatic sufferer that if a full bottle of Allenburh, the sure conqueror of rheumatism, does not show the way to stop the agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenburh has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and chronic and where the patient was helpless.

Mr. James H. Allen, of Rochester, N. Y., the discoverer of Allenburh, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of any one's money unless Allenburh decisively conquers this worst of all diseases, and he has instructed druggists to guarantee it as above in every instance. People's Drug Co. can supply you.

Kidney and Bladder Troubles HAVE TO GO

Cloned Up Kidney Deposits Are Dissolved and the Toxins (Poisons) Completely Driven Out. Druggists Told to Guarantee It in Every Instance.

"Your very life," says Dr. Carey, "depends upon the proper functioning and health of your kidneys, so watch over you, don't neglect them."

Dr. Carey's famous prescription No. 777 (known for years as Alkermes) is not recommended for everything, but we cannot too strongly urge its use in the case of any suffering sufferer from kidney troubles, frequent passing of water night and day, with smarting or irritation, brown dust sediment or highly colored urine, floating, irritatingly with loss of flesh, or any other tendency to Bright's Disease, Diabetes or any other kidney disease in its worst form may be stealing upon you.

Don't wait until tomorrow to begin the use of this wonderful prescription now obtainable in both liquid and tablet form if you have any of the above symptoms. Kidney and Bladder troubles don't wear away. They will grow upon you slowly, stealthily, and with unending certainty. If you even suspect that you are subject to kidney disease, don't lose a single day.

People's Drug Co. and every good druggist has been authorized to return the purchase money on the first big bottle to all who state they have received no benefit.

Home-made, but Has No Equal for Coughs

Makes a family supply of really dependable cough medicine. Easily prepared, and saves about \$2.

If you have a severe cough or chest cold accompanied with soreness, throat tickle, hoarseness, or difficult breathing, or if your child wakes up during the night with cough and you want quick help, try this reliable old home-made cough remedy. Any druggist can supply you with 2½ ounces of Pinex. Pour this into a pint bottle and fill the bottle with plain granulated sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. This recipe makes a pint of really remarkable cough remedy. It tastes good, and in spite of its low cost, it can be depended upon to give quick and lasting relief.

You can feel this take hold of a cough in a way that means business. It loosens and raises the phlegm, stops throat tickle and soothes and heals the irritated membrane lining the throat and bronchial tubes with such promptness, ease and certainty that it is really astonishing. Pinex is a special and highly concentrated compound of genuine Norway pine extract, and is probably the best known means of overcoming severe coughs, throat and chest colds.

There are many worthless imitations of this mixture. To avoid disappointment, ask for "2½ ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

U. S. DRY TO STAY, DECLARES BRITON

England to Follow in Few Years, Economist and Editor Believes.

"America always will have prohibition and Great Britain also will be dry in a few years when the success of this country's experiment is assured," said Sir George Paish, British economist and editor of The Statist, in a recent interview.

His belief in prohibition is based on economic grounds. The working people of the world, he says, will demand and receive a greater share of the world's income as time passes and must save and provide capital. Immense amounts were spent annually in America for drink and Great Britain now spends between \$60,000,000 and \$80,000,000 a year for liquor. Allowing half this sum for amusement, Sir George says the other half would provide practically all the capital required.

He also is confident that when Great Britain goes dry, none of this saving will go to bootleggers.

Turning to the business situation in Europe, Sir George regretted that statesmen did not have the economic knowledge to take down the tariff barriers and remove the impediment to the free world and if he defects from Law and a majority of Conserva-

tives lose, there will be a Liberal Labor Government in England.

Germany could pay her indemnity bill if trade barriers did not prevent her finding a market, as her production now almost equals pre-war figures, he said. "As it is, he thinks she may have a complete economic collapse, similar to that of Austria, which would affect the world. He thinks Germany suffers most from the ill health of her children, who are three or four years underdeveloped. This, he said, would affect production in the next generation."

Book Badger Miners and Milton for Turkey Game Here

Copyright 1920, by Geo. McManus

SMASHING BATTLE PROMISED IN BIG C. C. HOLIDAY CARD

Milton college and the Wisconsin School of Mines, Platteville, will clash for the second time this season when they meet on the Janesville fair grounds Thanksgiving day afternoon.

The game was booked by the Janesville Chamber of Commerce Thursday morning. It will be the only contest in southern Wisconsin or northern Illinois on that day and arrangements are being made to take care of an overflow crowd.

Hollie May Referee. The entire net proceeds of the holiday battle will be divided equally between the two schools. Efforts are being made to procure Eddie Williams, star Edgerton half back of the University of Wisconsin, to referee the game.

Means Great Battle. Milton and the Miners meet early in the season. This brings forth an interesting situation. Milton defeated Platteville Normal on the Janesville fair grounds. Then Milton lost to the Miners. Shortly afterwards Platteville Normal announced the game. Now the question is: "Is Milton stronger than the School of Mines?"

The Milton team's wonder showing in holding Whitewater afterwards to the last week puts Coach Crandall's boys in a high rating. They are in much better shape than when they met the Miners before and with the same scrap they showed against Whitewater will assure the fans a rattling good battle, filled with bitter rivalry.

Further arrangements in the game are now being made.

Badger-Maroon Game Features Closing Show

Chicago.—Football interest in the midwest Thursday, approaching a climax, centered on three of next Saturday's games—Chicago vs. Northwestern at Chicago, Iowa vs. Northwestern at Iowa City and Michigan vs. Minnesota at Minneapolis. The results of these three games will determine the champion or perhaps the champions of the "Big Ten" conference.

Of the three, the Maroon players will be forced to show it most speed against the Badgers. Northwestern, it is believed, will not prove a hard one for Iowa as it is one of the weakest teams in the conference.

Michigan was expected to outclass the Gophers at least by a small margin.

WHEN the Marine football team of Quantico station plays the Third Army corps in Baltimore, Dec. 2, there will not be a single paid admission. There will, however, be 12,000 in the stands. After a meeting between Maj. Gen. John A. Lejeune and Brig. Gen. Smalley D. Butler, it was decided no admission would be charged. "AS AN EXERCISE OF GRATITUDE FOR THE SORT OF MATERIAL SPORT FOR WHICH THE MARINE CORPS STANDS."

AT THE START of the season, it was determined that the Quantico team should pay its own way through the entire season. They constructed stands of waste material. Expenses have been reduced to almost nothing and these income were paid by the officers and men. There have been no gate receipts.

THIS IS an example for others. Of course, the "bad" boys have the advantage of colleges, inasmuch as the men are enlisted in the service. Their other sports are supported through government appropriation as part of their training. Nevertheless, it is an astounding accomplishment, when suggested, observers doubted it could be done.

GENERAL BUTLER aims to make the Marine Corps game second only to the Army-Navy game in national importance. While he has a long way to go, the growing interest in the game should give him considerable help toward this end. Invitations to the President, his cabinet and the diplomatic corps will help to give the combat will help to give the combat the tinge of the social which adds to the interest value of such an affair.

THERE IS ANOTHER angle. The Army-Navy game has its stars. The Marine-Army game should continue to use these same stars. For instance, French and Oliphant of West Point are now on the Army team that will meet Quantico, Dec. 2. This will create a wide demand for invitations to the annual game for the public wants to see its heroes perform as often and as long as possible.

Delavan Golf Club Enlarges to 18 Holes

Delavan.—Nine additional holes for the Delavan Country club golf course which will give this community one of the finest 18 hole courses in the country are rapidly nearing completion.

The nine additional holes are made possible through acquisition in September of the Buckles farm, the club voting a bond issue of \$60,000 to purchase it. Eighty acres comprised the farm.

Novel Home Plan

The work has been in charge of Joseph P. Allen, wealthy Delavan man and president of the club, who has given practically all his time to the matter. The course is nearly completed. The greens are ready.

Around the east and the north sides of the new property will be a driveway and lots which will be sold to club members for residential purposes. The lots will be restricted to the erection of one house to a lot, the cost and plans of which must be submitted and passed upon by the board of directors of the club. Several cottages will be built next spring.

Club 10 Years Old

The Delavan Lake Country club was organized in 1912. In 1915, the Delavan Country club was formed to take over the Delavan Lake Country club and the Delavan Lake Yacht club, the consolidation giving the club both golfing and yachting features.

The membership is 125 and it is expected that the card will increase next spring. It is composed mostly of Chicago and Delavan people, with a few from Harvard and Elkhorn.

Soccer Team Plays U. W. on Dec. 3rd

The Janesville Soccer club is not planning a game for Thanksgiving because of the football game being arranged by the Chamber of Commerce. The men will stage an exhibition before the game and give all interested an opportunity to play.

Weather permitting the team will play the International soccer team of Madison here, Dec. 3.

The team loses three good men this week. Two are moving out of the city and E. Morley, ballback, is leaving today for Toronto, where he will sail for England for a visit to return in January.

FASCISTI CLAIM ANCIENT ORIGIN

New Rulers of Italy, Foes of Reds, Mostly Vets of World War.

If you look on the reverse side of a dime of almost any recent date, you will see a bundle of sticks or rods, bound together at the top, the bottom and in the middle. The bundle of an axe projects from the midst of the rods, close to the upper end of the bundle.

That is a picture, in relief, of fasces, the earliest insignia or sign of authority used by the rulers of ancient Rome. The rods were usually of birch, and like the axe bound up with them they represented the power of chastisement, the might of the government and the right of the ruler to execute.

When the Italian socialists of the revolution took forcible possession of great factories and other business establishments in Milan, Turin and lesser Italian centers of industry and trade, after the war, the government feared their violence and anarchy from the menace of red revolution, it did not venture to oppose them openly or attempt to crush their power.

Then the Fascisti came into being. They are mostly veteran soldiers of the Italian army. They represent, first of all, the idea of national unity and order over red revolutionary and hostile bodies. They are recruited chiefly from the middle classes, the bourgeoisie, as they say in France and some other countries of continental Europe. There are at least 500,000 of them now.

Under strong leaders, notably Benito Mussolini, a man of great force of character who was himself a revolutionary socialist in youth, the Fascisti have met violence with violence, terrorism with terrorism, bloodshed with bloodshed, until they have completely broken the spirit and power of the revolutionary "reds."

They have sacked socialist halls and offices, wrecked socialist printing establishments, and slain many socialist leaders, anarchists and other red revolutionists. In the force fighting which has marked their rise to great strength and prestige they have been almost invariably victorious.

OFFERS FACTORY FOR COST OF NEW ROOF

Cologne.—"Factory To Be Given Away: I wish to donate my factory to anyone who will assume my rights and obligations in connection with it."

This advertisement appeared recently in a local newspaper. Explaining the circumstances which led to the offer, the factory owner said: "In 1919 I rented out the property on a year-long lease for 15,000 marks. Repairs, improvements and maintenance of the building were to be borne by the renter."

"He now has sued me for the expense of putting on a new roof, 1,500 square meters, according to expert estimate, and costing several million marks, and the provincial court in Cologne has decided I am responsible for this expenditure."

Paris Holds Exhibit of Poison Mushrooms

Paris.—Disheartened and saddened by the evident determination of the women of Paris to adorn themselves simply, in the matter of dress, those who are interested in the selling of lace, feathers and embroidery have come together to ask the women for mercy.

M. Dior, minister of Commerce, dwells upon the stagnant condition of the industries which provide feminine finery, and tells the fashion artists they must do something about it. The answer given him is that the dress-makers are powerless.

"This simplicity which troubles M. Dior," one leading gown designer said recently, "endangers us as much as it does him. Our models are simple because they are inexpensive, and please our clients. The eight hour day, taxes, high wages and customs duties, involving one's own pocket, like the American tariff bill which came into force lately, all make a cheap and plain dress necessary."

WHITE ANTS MENACE ARCHITECTURAL GEMS

Nikko, Japan.—The beautiful temples of Nikko the Wonderful, dedicated to the god Kugawara Shoguns and considered the richest architectural treasures of old Japan, are menaced by white ants. Dr. Kawamura, of the Tokyo Imperial University is in the city, studying the extent of the ravaging methods of effectually removing them. The Nikko temples being buildings of wood, sculpture and lacquer, the work of destruction, if unchecked, would prove an irreparable loss.

Seagulls Have Seven Foot Spread of Wing

Burlington.—The herring gulls of Lake Champlain left for the north earlier than usual this fall, the observers are wondering if this means a long winter. The gulls are given protection on the Pointe du Lac Islands, when they raise their young, and they are highly valued by the municipalities of Burlington because of their usefulness as scavengers at the outlet of the city sewer in the lake. The average full grown gull here measures between 20 and 25 inches from tip to tip. Scientists say that one of the gulls which comes to the islands annually is more than 80 years old.

Students in Berlin Can't Find Lodgings

Berlin.—Hundreds of students attending the University of Berlin are without lodgings, according to the rector of the institution, who has issued an appeal to citizens of Berlin to take in the homeless young men who have gathered here to attend the fall term.

ITCHY ECZEMA ALL OVER BODY

In Pimples. Could Not Work. Cuticura Heals.

"I had eczema on my left arm and it spread all over my body. It broke out in little red pimples and itched and burned, and I would scratch until the skin would break and scales formed. I could not do my work, and I was in torture day and night. My mother saw an advertisement for Cuticura Soap and Ointment and sent for a free sample. I bought more and used four boxes of Cuticura Ointment, with the Cuticura Soap, when I was healed." (Signed) Mrs. A. W. Crawford, Nabe, Ill.

HER AILMENTS ALL GONE NOW

Mrs. Sherman Helped by Lydia E. Pinkham's Vegetable Compound

Lake, Michigan.—"About one year ago I suffered with irregularities and a weakness and at times was obliged to stay off my feet. I doctored with our family physician, and he told me I could not understand my case, so I decided to try Lydia E. Pinkham's Vegetable Compound. After I had taken it, I felt better. I took several bottles of the Vegetable Compound and used Lydia E. Pinkham's Sanative Wash and I am entirely cured of my ailments. You may publish this letter if you wish."
